INTRODUCING THE  
COMPLETELY REENGINEERED

# HELiOS® Plus Portable Liquid Oxygen Unit

We have implemented over a dozen design enhancements since the original launch of the HELiOS® Personal Oxygen System, including:

- New vacuum bottle design that provides the lowest evaporation rate on the market.
- Improved pneumatic demand device that promotes reliable flow rate.
- Upgraded tubing, vents and connectors for optimal leak prevention.

The HELiOS Plus Portable Liquid Oxygen Unit has been thoroughly tested, assuring you of maximum reliability and performance. The HELiOS system with the new HELiOS Plus portable unit is your best choice for liquid oxygen therapy.
